

## Control zone Oberpfaffenhofen

Activation times:

The valid activation times of the CTR Oberpfaffenhofen can be found in the German Aeronautical Information Publication (AIP) ENR-2.1:

Monday to Friday: 07.00 – 19.00 ME(S)Z

In addition, the control zone Oberpfaffenhofen can be activated anytime on short notice for operational purposes (HX-Regulation). On Saturdays, Sundays and public holidays additional activation times of the control zone are to be expected.

Lateral and vertical boundaries of the control zone Oberpfaffenhofen:

The special airport Oberpfaffenhofen has a rectangular standard control zone with an upper limit of 3500 ft MSL. The lateral boundaries are shown in the visual approach charts for Oberpfaffenhofen which are issued as valid version of the German Aeronautical Information Publication (AIP) VFR.
